

PUBLIC NOTICE

On May 20, 2018, EAST MEDINA COUNTY SPECIAL UTILITY DISTRICT entered into Stage 1 Critical Period Management as per District Policy and in Compliance with the Edward Aquifer Authority Rules.

COMPLIANCE WITH CRITICAL PERIOD MANAGEMENT RULES IS REQUIRED.

STAGE 1:

1. All users must practice water conservation and preservation.
2. No person may use District water for landscape watering between the hours of 10:00 AM and 8:00 PM.
3. No person may use District water for washing automobiles, sidewalks, driveways, carports, or any type of artificial ground cover.
4. Restaurants and other eating establishments are prohibited from serving District water to customers except upon request from the customer.
5. Every customer who owns or has possession of a swimming pool must cover the pool with an effective evaporation cover, screen, or evaporation shields when the pool is not in active use. Active usage includes necessary maintenance that requires removal of the cover, screen, or shields.
6. Livestock watering will be permitted in water troughs only. (Filling earthen tanks will not be allowed).

The complete Critical Period Management Policy may be found on the District's Web Page www.emscud.dst.tx.us "Statement of Policy Section H" or obtained at the District Office.
