Independent Auditor's Report

To the Board of Directors
East Medina County Special Utility District

Report on the Financial Statements

We have audited the accompanying financial statements of East Medina County Special Utility District (the District) as of and for the years ended December 31, 2017 and 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the District as of December 31, 2017 and 2016, and the changes in its financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 5 through 11, Schedule of Changes in Net Pension Liability on page 40, Schedule of the District's Pension Contributions on page 41, and Notes to Required Supplementary Information on pages 42 through 44 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Schedules and Other Information

Our audits were conducted for the purpose of forming an opinion on the financial statements that collectively comprise the District's basic financial statements as a whole. The accompanying supplementary schedules and other information are presented for purposes of additional analysis, as required by the Water District Financial Management Guide issued by the Texas Commission on Environmental Quality, and are not a required part of the basic financial statements. This information has not been subjected to the auditing procedures applied in the audits of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

East Medina County Special Utility District

Management's Discussion and Analysis (Unaudited) December 31, 2017

The management of East Medina County Special Utility District (the District) offers the readers of the District's basic financial statements this narrative overview and analysis of the financial performance of the District for the year ended December 31, 2017. Please read it in conjunction with the District's basic financial statements, which follow this section.

Financial Highlights

- The District's total assets and deferred outflows of resources exceeded total liabilities and deferred inflows of resources by \$9,597,987 (\$9,248,144 in 2016). This amount represents net position of \$7,346,521 (\$6,918,770 in 2016) of net investment in capital assets, \$518,802 (\$524,437 in 2016) restricted for debt service and capital improvements and \$1,732,664 (\$1,804,937 in 2016) in unrestricted net position.
- The District's total assets totaled \$13,540,992 (\$13,636,006 in 2016); of this amount, \$11,181,150 (\$11,166,795 in 2016) represents net capital assets and \$1,866,286 (\$2,080,543 in 2016) represents cash and cash equivalents under both current and restricted assets.
- Deferred outflows of resources totaled \$63,056 (\$74,776 in 2016), which is the deferred charge on refunding and pension amounts.
- Liabilities for the District totaled \$3,979,957 (\$4,432,184 in 2016), of which \$3,285,000 (\$3,575,000 in 2016) accounts for obligations under long-term bonds payable.
- Deferred inflows of resources totaled \$26,104 (\$30,454 in 2016), which relate to pension amounts.
- Operating revenues for the District totaled \$2,037,343 (\$1,899,844 in 2016) and exceeded operating expenses by \$288,342 (\$166,185 in 2016). The major revenue source is water sales.
- Nonoperating expenses exceeded nonoperating revenues by \$61,501 (\$32,586 in 2016). This included interest expense on bonds that totaled \$125,860 (\$118,430 in 2016), net of capitalized interest.

Overview of the financial statements: This discussion and analysis are intended to serve as an introduction to the District's basic financial statements. Three components comprise the District's basic financial statements: (1) business-type activities financial statements, (2) notes to financial statements and (3) required supplementary information. This report also contains Supplementary Schedules and Other Information, in addition to the basic financial statements themselves.

Enterprise funds: Enterprise Funds are used to report the same functions presented as business-type activities in the basic financial statements. The District has only one major Enterprise Fund.

Notes to financial statements: The notes provide additional information that are essential to a full understanding of the data provided in the basic financial statements.

East Medina County Special Utility District

Management's Discussion and Analysis (Unaudited) December 31, 2017

Statements of net position: The statements of net position for the District are similar in many ways to the balance sheets presented as basic financial statements for private-sector companies. The statements of net position include all the District's assets and deferred outflows of resources and liabilities and deferred inflows of resources. A major function of the statements of net position is to measure the ability of the District to meet its current and long-term obligations. Perhaps the biggest difference between the statement of net position and the private-sector balance sheets is in the reporting of the difference between total assets and deferred outflows of resources and total liabilities and deferred inflows of resources. In the balance sheets of a private-sector business, the difference between total assets and deferred outflows of resources and total liabilities and deferred inflows of resources is a measure of the value of the business that owners would realize if they sell their share.

Instead of measuring the owners' equity, state and local governments report the net value or net position in these major categories:

- Net investment in capital assets
- Restricted
- Unrestricted

Since the owners of the District are ultimately the citizens of the state of Texas and not an individual or group of investors, the Governmental Accounting Standards Board (GASB) believes it is more useful for the readers of the basic financial statements to know whether the net position of the District is invested in capital assets, is restricted for future use or if its future use is unrestricted.

Supplementary schedules and other information: The basic financial statements are followed by a section of supplementary information. This section includes a budgetary comparison schedule. It provides detailed comparisons of expenses. Comparisons can be made between the original budget, final budget and actual costs for the year.

**Management's Discussion and Analysis (Unaudited)
December 31, 2017**

**Table A-1
The District's Net Position Information**

	2017	2016	2015	Total Percentage Change	
				2017 to 2016	2016 to 2015
Current assets	\$ 1,676,684	\$ 1,567,529	\$ 1,632,501	6.96%	(3.98%)
Restricted assets	683,158	688,090	863,381	(0.72%)	(20.30%)
Noncurrent assets	-	213,592	-	(100.00%)	100.00%
Capital assets, net	11,181,150	11,166,795	10,806,035	0.13%	3.34%
Total assets	\$ 13,540,992	\$ 13,636,006	\$ 13,301,917	(0.70%)	2.51%
Total deferred outflows of resources	\$ 63,056	\$ 74,776	\$ 65,206	(15.67%)	14.68%
Current liabilities	\$ 214,715	\$ 296,082	\$ 87,490	(27.48%)	238.42%
Current liabilities payable from restricted assets	309,556	307,819	305,059	0.56%	0.90%
Noncurrent liabilities	3,455,686	3,828,283	3,925,201	(9.73%)	(2.47%)
Total liabilities	\$ 3,979,957	\$ 4,432,184	\$ 4,317,750	(10.20%)	2.65%
Total deferred inflows of resources	\$ 26,104	\$ 30,454	\$ -	(14.28%)	100.00%
Net position:					
Net investment in capital assets	\$ 7,346,521	\$ 6,918,770	\$ 6,829,863	6.18%	1.30%
Restricted for debt service	418,802	424,437	428,994	(1.33%)	(1.06%)
Restricted for capital improvements	100,000	100,000	100,000	-	-
Unrestricted	1,732,664	1,804,937	1,690,516	(4.00%)	6.77%
Total net position	\$ 9,597,987	\$ 9,248,144	\$ 9,049,373	3.78%	2.20%

- Current assets increased by \$109,155, which represents a 6.96 percent increase from 2016 to 2017. This is mainly due to a certificate of deposit (CD) being short-term during fiscal year-end 2017 versus long-term in fiscal year-end 2016. Current assets decreased by \$64,972, which represents a 3.98 percent decrease from 2015 to 2016. This is mainly due to the CDs being long-term during fiscal year-end 2016 versus short-term in fiscal year-end 2015.
- Deferred outflows of resources decreased by \$11,720, which represents a 15.67 percent decrease from 2016 and 2017 due to pension investment losses and accumulated amortization of pension investment losses incurred by the Texas County and District Retirement System (TCDRS).
- Total liabilities decreased by \$452,227, which is a 10.20 percent decrease from 2016 to 2017, and an increase of \$114,434, which is a 2.65 percent increase from 2015 to 2016. The decrease in 2017 is attributable to payments on long-term bonds, note payable and the completion of construction projects. The increase in 2016 is attributable to payments related to construction in progress at year-end.
- Deferred inflows of resources decreased by \$4,350, which represents a 14.28 percent decrease from 2016 to 2017. The decrease is due to the accumulated amortization of the pension economic/demographic gain.

East Medina County Special Utility District

**Management’s Discussion and Analysis (Unaudited)
December 31, 2017**

Statements of revenues, expenses and changes in net position: The statements of revenues, expenses and changes in net position serve a similar function to the statements of income for private-sector businesses. Unlike private-sector businesses, the District does not seek to earn a profit in the long-term. However, the District must cover its operations, maintenance and other costs annually from fees and charges, since the District does not levy or collect any tax revenue. The statements of revenues, expenses and changes in net position measure how well annual costs are covered by fees and charges (see Table A-2).

**Table A-2
Statement of Revenues, Expenses, and Changes in Net Position**

	2017	2016	2015	Total Percentage Change	
				2017 to 2016	2016 to 2015

East Medina County Special Utility District

**Management’s Discussion and Analysis (Unaudited)
December 31, 2017**

Financial Analysis

The District uses the accrual basis of accounting to ensure and demonstrate compliance with finance-related legal requirements.

- Total revenues increased by \$173,844, or 8.48 percent, from 2016 to 2017 and increased by \$134,580, or 7.02 percent, from 2015 to 2016, primarily due to the weather conditions in South Texas.
- Connection fee revenues increased by \$5,091, or 6.70 percent, from 2016 to 2017 and increased by \$38,642, or 103.59 percent, from 2015 to 2016, primarily due to a larger line extension project during 2015.
- Other income revenues increased by \$28,293, or 22.87 percent, from 2016 to 2017 due to the Southwest Gulf Railroad Agreement. Other income increased by \$86,652 or 233.94 percent, from 2015 to 2016 due to the Edwards Aquifer Authority (EAA) grant payment of \$84,000.
- Total expenses increased by \$22,772, or 1.23 percent, from 2016 to 2017, primarily due to increased professional services, other administrative expenses and depreciation expense. Total expenses increased by \$175,872, or 10.49 percent, from 2015 to 2016, primarily due to increased interest expense and gross up of management fees related to lease income.

Capital Assets and Debt Administration

Capital assets: The District’s investment in capital assets totaled \$11,181,150 (\$11,166,795 in 2016). This investment in capital assets includes land, water allotments, construction in progress, buildings, machinery and equipment and plants and distribution system. Capital assets of the District were 82.57 percent (81.89 percent in 2016) of total assets (see Table A-3). More information about the District’s capital assets is presented in the notes to financial statements.

**Table A-3
Capital Assets**

	2017	2016	2015	Total Percentage Change	
				2017 to 2016	2016 to 2015

	\$ 11,181,150	\$ 11,166,795	\$ 10,806,035	0.13%	3.34%

East Medina County Special Utility District

**Management’s Discussion and Analysis (Unaudited)
December 31, 2017**

Long-term debt: The District had \$3,575,000 (\$3,863,000 in 2016) in bonds outstanding as shown in Table A-4. More detailed information about the District’s debt is presented in the notes to financial statements.

**Table A-4
Long-Term Debt**

	2017	2016	2015	Total Percentage Change	
				2017 to 2016	2016 to 2015
Bonds payable	\$ 3,575,000	\$ 3,863,000	\$ 4,148,000	(7.46%)	(6.87%)
Note payable	227,981	303,975	-	(25.00%)	100.00%
Total long-term debt—including current maturities	<u>\$ 3,802,981</u>	<u>\$ 4,166,975</u>	<u>\$ 4,148,000</u>	(8.74%)	0.46%

Economic Factors and Next Year’s Budget

The District will employ a new firm for engineering services in 2018. Work will continue on the review and updates to the Capital Improvement Plan (CIP). The cost of engineering services associated with the CIP will be through the use of District reserve funds. Updates to the CIP will be considered by the Board of Directors (the Board) in 2018.

The District will change group health insurance providers for employees in 2018 to UnitedHealthcare through the Texas Municipal League (TML) from Humana reducing the cost of employee health care by \$36,000.

The District will continue to lease water rights for a payment of \$8,625 for 150 acre feet of water entered into the EAA VISPO component of the Edwards Aquifer Habitat Conservation Program (HCP) in 2018. The District was also permitted to enroll the same 150 acre feet of water into the HCP Aquifer Storage (ASR) Program for \$18,000 for 2018. The ASR lease is a one-year lease. The one-year ASR lease program will not be available for renewal beyond 2018.

The District has leased 300 acre feet of water rights for one year into the ASR for 2018. The District will receive \$36,000 from EAA in 2018 for this lease. The one-year ASR lease program will not be available for renewal beyond 2018.

The District will receive a payment of \$9,600 from EAA in 2018 for the annual payment associated with the remainder of a seven-year lease for 60 acre feet of water in the ASR Program.

The District has entered into a Reimbursement Agreement with Southwest Gulf Railroad for the relocation and extension of waterlines on CR4516 and CR454 to provide for the construction of new railroad tracks. The District expects a reimbursement of approximately \$450,000 for construction and approximately \$39,000 for engineering services.

The District has entered into an Emergency Interconnect Agreement with the City of Natalia. The City of Natalia will fund the cost of construction of the interconnect. The interconnect is designed to provide service to the City of Natalia during a defined emergency. The interconnect is not to be used as an alternative water supply for the City of Natalia.

The District will continue the pilot that program began in 2016 for the installation of radio read meters. The District currently has 320 radio read meters in operation in the Unit 3 PWS 1630030 (Plant 6) service area.

East Medina County Special Utility District

**Management’s Discussion and Analysis (Unaudited)
December 31, 2017**

The District will work with engineering services to review and propose potential updates to the Board for review and consideration associated with the costs of development, rates and fees.

The District is required to include written language in all contracts that state that the party doing business with the District does not boycott Israel and will not boycott Israel during the term of the contract. The District is prohibited from doing business with any service provider without this statement in writing.

Contacting the District’s Financial Management

This financial report is designed to provide the District’s citizens, customers, investors and creditors with a general overview of the District’s finances and to demonstrate the District’s accountability for the money it receives. Questions concerning any of the information provided in this report or requests for additional information should be addressed to: East Medina County Special Utility District, P.O. Box 628, Devine, Texas 78016.

East Medina County Special Utility District

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies

The financial statements of East Medina County Special Utility District (the District) have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), as prescribed by the Governmental Accounting Standards Board (GASB). The following is a summary of the District's significant policies.

Reporting entity: The District was established on September 17, 1996. The District is the successor to the East Medina County Water Supply Corporation, which was incorporated in 1967. The District is a Political Subdivision of the state of Texas, organized under Chapters 49 and 65 of the Texas Water Code, for the purpose of furnishing potable water service to the southeast area of Medina County.

The District is governed by a seven-member Board of Directors (the Board) that is elected by the public. The District is not included in any other governmental reporting entity, as defined in Section 2100, *Codification of Governmental Accounting and Financial Reporting Standards*. In addition, there are no other entities which should be combined as a component unit to constitute the reporting entity.

Measurement focus and basis of accounting: The District accounts for its transactions as business-type activities. Operations are financed and operated in a manner similar to private business or where the Board has decided the determination of revenues earned, costs incurred and/or net income is necessary for management accountability.

The financial statements of the District are prepared using the accrual basis of accounting with the economic resources measurement focus as prescribed by GASB. The District applies all applicable GASB pronouncements and presents its financial statements in accordance with GASB's *Codification of Governmental Accounting and Financial Reporting Standards*. Under this approach, all assets, deferred outflows of resources, liabilities and deferred inflows of resources of the District are reported in the statement of net position, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

Revenue recognition: The District recognizes operating revenues as they are earned. The District's primary revenues are from customer billings. On a monthly basis, customers read their meters and submit the information to the District, who then records the revenue. The District generally reads customer meters every year or soon thereafter and adjusts the customer account accordingly. Revenues earned after meters are read are estimated and accrued as unbilled revenues at the end of the fiscal year. Accounts receivable include unbilled water sales of \$127,060 and \$124,758 for fiscal years 2017 and 2016, respectively.

Late fees and reconnect charges are recognized as operating revenues as they are earned. The revenue from late fees are penalties collected on customer accounts when monthly billings are not paid by specified dates stated in District policy. The revenue from reconnect charges are penalties collected to reconnect a customer account after service has been discontinued for nonpayment.

Connection fees are revenue collected from customers requesting water service from the District. The fees collected are generally recognized as operating revenue. Portions of the fees collected are to provide funding for system maintenance, operations and system development.

Water acquisition fees are revenues collected from customers requesting service from the District. These fees collected are for the purchase of Edwards Aquifer Water Rights as needed to meet system and operational demands for water and are generally recognized as operating revenue.

The District records deposits received from new customers as revenue when received, as all deposits are considered to be nonrefundable to the customer.

East Medina County Special Utility District

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

In 2017, the District entered into a Reimbursement Agreement for the relocation and extension of waterlines for the construction of new railroad tracks. For the fiscal year ended, the District incurred a total of \$108,062 in costs, which has been recorded as receivable for construction and other income for the same amount.

Revenue and expense classification: The District distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services in connection with the principal ongoing operations. The principal operating revenues of the District are charges to customers for water usage. Operating expenses include the cost of service, administrative expenses and depreciation of capital items. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Estimates and assumptions: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and cash equivalents: For the purposes of the statements of cash flows, the District considers as cash and cash equivalents, including restricted, all cash on hand, demand deposits and external investment pools with original maturities of three months or less at the time of purchase with the exception of certificates of deposit (CDs).

Accounts receivable and unbilled revenue: The allowance for doubtful accounts is established as losses are estimated to have occurred through a provision for bad debts charged to earnings. Losses are charged against the allowance when management believes the uncollectibility of a receivable is confirmed. Subsequent recoveries, if any, are credited to the allowance. The allowance for doubtful accounts is evaluated on a regular basis by management and is based on historical experience and specifically identified questionable receivables. The evaluation is inherently subjective, as it requires estimates that are susceptible to significant revision as more information becomes available. The accounts receivable balance also includes an accrual related to unbilled revenues, which reflects an estimate of revenues earned prior to year-end that have not been billed.

Inventory: Inventory is stated at the lower of cost (average cost) or market (net realizable value). Inventories include pipes, meters, connectors and materials and supplies.

Capital assets: Property, plant and equipment are stated at cost. The District's policy is to capitalize purchases of assets if the asset has a useful life of more than one year and an individual value of \$1,000 or greater. Depreciation is calculated on the straight-line method based on the following estimated useful lives: land improvement—10 years; buildings—eight to 40 years; machinery and equipment—three to 10 years and plants and distribution system—five to 50 years.

Capitalized interest: Interest expense during the construction period is capitalized as part of the costs of capital assets. The District capitalized \$11,370 and \$23,840 of interest in fiscal years 2017 and 2016, respectively.

Water allotments: Water allotments are water rights purchased by the District and are recorded at cost. Since water allotments are considered to have no evident limited life, no amortization is recognized.

East Medina County Special Utility District

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

Compensated absences: The District pays any unused vacation leave time earned at the time an employee terminates employment with the District. The accrued vacation leave at December 31, 2017 and 2016, totaled \$23,023 and \$23,446, respectively, and is included in accrued liabilities. Sick leave does not vest nor accrue; therefore, terminated employees are not paid for accumulated sick leave.

Net position: Net position represents the residual of assets and deferred outflows of resources less liabilities and deferred inflows of resources.

Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvements of those assets, and adding back unspent borrowing proceeds, as applicable.

Net position is reported as restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Unrestricted net position represents the remaining portion of net position.

A summary of the net investment in capital assets is as follows:

	December 31	
	2017	2016
Total capital assets, net of accumulated depreciation	\$ 11,181,150	\$ 11,166,795
Total long-term bonds payable	(3,575,000)	(3,863,000)
Construction payable	(39,062)	(90,352)
Deferred charge on refunding	7,414	9,268
Unspent bond proceeds	-	34
Note payable—water rights	(227,981)	(303,975)
Net investment in capital assets	\$ 7,346,521	\$ 6,918,770

Restricted and unrestricted resources: It is the District's policy to use restricted resources first when an allowable restricted expense is made for purposes for which both restricted and unrestricted resources are available.

Retirement plan—pension: The net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position of the Texas County and District Retirement System (TCDRS), an Agent Plan, and additions to/deductions from TCDRS's fiduciary net position have been determined on the same basis as they are reported by TCDRS. For this purpose, plan contributions are recognized in the period that compensation is reported for the employee, which is when contributions are legally due. Benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Deferred outflows of resources/deferred inflow of resources: In addition to assets, the statements of financial position will sometime report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expenses) until then. The District has two items that qualify for reporting in this category. One is the deferred charge on refunding reported in the statements of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The second is contributions made to the pension plan during the fiscal year and other pension amounts.

East Medina County Special Utility District

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

In addition to liabilities, the statements of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting in this category. This item is the change in net pension liability that is not immediately recognized in pension expense.

Reclassifications: Certain reclassifications have been made in the prior-year financial statements to conform to the current-year presentation.

Future GASB Statement implementations—The following pronouncements have been issued, but have not yet been adopted: GASB Statement No. 86, *Certain Debt Extinguishment Issues*, issued May 2017, will be effective for the District beginning with its fiscal year ending December 31, 2018. GASB Statement No. 86 is designed to improve consistency in accounting and financial reporting for in-substance defeasance of debt by providing guidance for transactions in which cash and other monetary assets acquired with only existing resources, other than the proceeds of refunding debt, are placed in an irrevocable trust for the sole purpose of extinguishing debt. This statement also requires the inclusion of any remaining prepaid insurance related to extinguished debt in the net carrying amount of the debt when calculating the difference between the reacquisition price and the net carrying amount of the debt for debt that is extinguished through a legal extinguishment or an in-substance defeasance. This statement also improves notes to financial statements for debt that is defeased in substance.

GASB Statement No. 87, *Leases*, issued June 2017, will be effective for the District beginning with its fiscal year ending December 31, 2021, with earlier adoption encouraged. GASB Statement No. 87 establishes a single approach to accounting for and reporting leases by state and local governments. Under this statement, a government entity that is a lessee must recognize (1) a lease liability and (2) an intangible asset representing the lessee's right to use the leased asset. In addition, the District must report the (1) amortization expense for using the lease asset over the shorter of the term of the lease or the useful life of the underlying asset, (2) interest expense on the lease liability and (3) note disclosures about the lease. This statement provides exceptions from the single-approach for short-term leases, financial purchases, leases of assets that are investments and certain regulated leases. This statement also addresses accounting for lease terminations and modifications, sale-leaseback transactions, nonlease components embedded in lease contracts (such as service agreements) and leases with related parties.

Management is currently evaluating the impact, if any, these pronouncements will have on the District's basic financial statements.

Note 2. Cash, Cash Equivalents and Certificates of Deposit

Cash and cash equivalents: The funds of the District must be deposited and invested under the terms of a depository contract, contents of which are set out in the Depository Contract Law. The depository bank may either place approved pledged securities for safekeeping and trust with the District's agent bank or file a corporate surety bond in an amount sufficient to protect District funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation (FDIC) insurance.

At December 31, 2017 and 2016, the carrying amount of the District's deposits was \$105,314 and \$97,017, respectively, and the bank balance was \$203,531 and \$126,139, respectively. The District also had \$600 in petty cash at December 31, 2017 and 2016, respectively. The District's cash deposits at December 31, 2017 and 2016, were entirely covered by FDIC insurance or by pledged collateral held by the District's agent bank in the District's name.

East Medina County Special Utility District

Notes to Financial Statements

Note 2. Cash, Cash Equivalents and Certificates of Deposit (Continued)

Investments: The District is required by Texas Government Code Chapter 2256, the Public Funds Investment Act (PFIA), to adopt, implement and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities and (9) bid solicitation preferences for certificates of deposit (CDs). PFIA determines the types of investments which are allowable for the District. These include, with certain restrictions, (1) obligations of the Treasury, certain United States agencies and the state of Texas; (2) CDs; (3) certain municipal securities; (4) money market savings accounts; (5) repurchase agreements; (6) bankers acceptances; (7) mutual funds; (8) investment pools; (9) guaranteed investment contracts and (10) common trust funds.

Public funds investment pools: Public funds investment pools in Texas (Pools) are established under the authority of the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code and are subject to the provisions of PFIA, Chapter 2256 of the Texas Government Code. In addition to other provisions of PFIA designed to promote liquidity and safety of principal, it requires Pools to: (1) have an advisory board composed of participants in the pool and other persons who do not have a business relationship with the pool and are qualified to advise the pool, (2) maintain a continuous rating of no lower than AAA or AAAM or an equivalent rating by at least one nationally recognized rating service and (3) maintain the market value of its underlying investment portfolio within one half of one percent of the value of its shares.

Local Government Investment Cooperative (LOGIC) (the Pool) was organized in conformity with the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code, and PFIA, Chapter 2256 of the Texas Government Code, and operates as a public funds investment pool under the Public Funds Investment Act. The fund is rated AAAM or equivalent rating from at least one nationally recognized rating agency. Class A Units of LOGIC I are currently rated "AAAM" by Standard and Poor's. The fund seeks to maintain a dollar-weighted average portfolio maturity that does not exceed 60 days (or fewer days if required to maintain its rating). The Pool seeks to maintain a net asset value (NAV) of \$1.00 per unit. The maximum final stated maturity is 397 days. Withdrawals from the Pool and transfers to another pool may be made on any business day with deadlines and provisions. For liquidity and to respond to unusual market conditions, the Pool may hold all or most of its total assets in cash for temporary defensive purposes. The District's investments managed through LOGIC are valued and recorded at amortized cost in accordance with GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*. The carrying value of these investments at amortized cost totaled \$1,659,140 in 2017 and \$1,882,570 in 2016.

TexSTAR is a local government investment pool created under the Interlocal Cooperation Act specifically tailored to meet Texas state and local government investment objectives of preservation of principal, daily liquidity and competitive yield. The fund is rated AAAM by Standard & Poor's and maintains a maturity of 60 days or less, with a maximum maturity of 13 months for any individual security. The fund seeks to maintain a constant dollar objective and fulfills all requirements of the Texas PFIA for local government investment pools. The portfolio is a government-repurchase agreement (REPO) pool, utilizing primarily United States Treasury securities, United States agency securities and REPO collateralized obligations, the principal and interest of which are unconditionally guaranteed or insured by the full faith and credit of the United States or its agencies or its instrumentalities. Consistent with the investment pool, the District values and records these investments at fair value. The values of these investments are at NAV per share are \$101,232 in 2017 and \$100,356 in 2016.

Interest rate risk: Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways the District manages its exposure to interest rate risk is by investing in investment pools which have no stated maturity date; therefore, the funds are always available to meet operational needs.

East Medina County Special Utility District

Notes to Financial Statements

Note 2. Cash, Cash Equivalents and Certificates of Deposit (Continued)

Information about the sensitivity of the fair values of the District’s investments to market interest rate fluctuations is provided by the following table that shows the specific investments and their maturity as of December 31:

Description	Maturity	Days of Maturity	2017 NAV		2016 NAV	
TexSTAR investment fund	N/A	Daily	\$	101,232	\$	100,356
Total investments			\$	101,232	\$	100,356

Custodial credit risk for investments: Generally, custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. At December 31, 2017 and 2016, investments held at TexSTAR were uninsured and uncollateralized.

Concentration of credit risk: Generally, concentration of credit risk is the risk of loss attributed to the magnitude of a government’s investment in a single issuer. The District did not hold any investments subject to concentration of credit risk.

Credit risk: Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required (where applicable) by the District’s investment policy and PFIA. The actual rating as of year-end for these investments is as follows:

Description	Minimum Legal Rating	Investment Rating	Rating Organization	2017		2016	
				NAV	Percent Invested	NAV	Percent Invested
TexSTAR investment fund	AAA	AAAm	Standard & Poor’s	\$ 101,232	100.00%	\$ 100,356	100.00%
Total investments				\$ 101,232	100.00%	\$ 100,356	100.00%

CDs: The District also invests in CDs that are nonparticipating and earn an interest rate of 0.90 percent. The CDs are carried at amortized cost. The District has two CDs that mature May 28, 2018, and March 21, 2018, with balances of \$109,578 and \$105,943 at year-end, respectively. At December 31, 2016, the balances of these two CDs were \$108,597 and \$104,995, respectively.

Note 3. Restricted Cash Equivalents

The District’s bond agreements require the establishment and maintenance of several reserve funds. A description of these funds is as follows:

Bond Interest and Sinking Fund: The District is required to make monthly deposits into this fund in sufficient amounts to pay the semiannual interest and principal due on the long-term bonds payable. At December 31, 2017 and 2016, the balance of the fund totaled \$164,356 and \$163,619, respectively.

East Medina County Special Utility District

Notes to Financial Statements

Note 3. Restricted Cash Equivalents (Continued)

Reserve Fund: The District is required to maintain an amount equal to the maximum annual principal and interest requirements on all outstanding bonds. Amounts are to be used only if needed to meet debt service requirements of the long-term bonds payable. At December 31, 2017 and 2016, the balance of the fund totaled \$418,802 and \$424,437, respectively.

Capital Improvements Fund: Under the 2009 Bonds, the District is required to maintain an amount not less than \$100,000 in the Capital Improvements Fund. Monies in this fund are to be used to pay for costs of improvements, enlargements, extensions, additions, replacements or other capital expenses of the District or for unexpected or extraordinary repairs or replacements and unexpected or extraordinary expenses of operations and maintenance for which other funds are not available. The balance of the fund at December 31, 2017 and 2016, totaled \$100,000.

In addition, the Series 2014 Bonds are restricted for the purpose of making certain renovations, repairs, extensions and improvements to the District's waterworks system. The unspent bond proceeds at December 31, 2017 and 2016, totaled \$-0- and \$34, respectively.

Components of restricted cash equivalents are as follows:

	December 31	
	2017	2016
Restricted for debt service:		
Bond Interest and Sinking Fund	\$ 164,356	\$ 163,619
Reserve Fund	418,802	424,437
	<u>583,158</u>	<u>588,056</u>
Restricted for capital improvements:		
Capital Improvements Fund—2009 Bonds	100,000	100,000
Series 2014 Waterworks System Revenue Bonds	-	34
Total restricted cash equivalents	<u>\$ 683,158</u>	<u>\$ 688,090</u>

East Medina County Special Utility District

Notes to Financial Statements

Note 4. Capital Assets

The following table summarizes the changes in the components of capital assets as of December 31, 2017:

	Balance at January 1, 2017	Additions	Deletions	Transfers	Balance at December 31, 2017
Capital assets—not depreciated:					
Land	\$ 61,599	\$ -	\$ -	\$ -	\$ 61,599
Water allotments	1,958,350	-	-	-	1,958,350
Water allotments-leased	956,475	-	-	-	956,475
Construction in progress	339,150	119,432	-	(339,150)	119,432

Note 5. Long-Term Bonds Payable (Continued)

The following is a summary of bond transactions for fiscal year 2016:

Bonds	Interest Rates	Original Issue	Balance at January 1, 2016	Additions	Deductions	Balance at December 31, 2016	Payable Within One Year
Series 2009-R	4.375%	\$ 975,000	\$ 917,000	\$ -	\$ 11,000	\$ 906,000	\$ 12,000
Series 2013	1.720%	1,566,000	1,181,000	-	189,000	992,000	191,000
Series 2014	3.250%-4.500%	2,250,000	2,050,000	-	85,000	1,965,000	85,000
			<u>\$ 4,148,000</u>	<u>\$ -</u>	<u>\$ 285,000</u>	<u>\$ 3,863,000</u>	<u>\$ 288,000</u>

Long-term bonds payable is as follows:

	December 31	
	2017	2016
\$975,000, Series 2009-R Waterworks System Revenue Bonds—serial bonds due in annual installments from \$9,000 to \$52,000 through July 1, 2049; bearing interest at 4.375%	\$ 894,000	\$ 906,000
\$1,566,000, Series 2013 Waterworks System Revenue Refunding Bonds—serial bonds due in annual installments from \$191,000 to \$207,000 through July 1, 2021; bearing interest at 1.720%	801,000	992,000
\$2,250,000, Series 2014 Waterworks System Revenue Bonds—serial bonds due in annual installments from \$85,000 to \$160,000 through July 1, 2033; bearing interest of 3.250% to 4.500%	1,880,000	1,965,000
	<u>3,575,000</u>	<u>3,863,000</u>
Less current maturities	290,000	288,000
	<u>\$ 3,285,000</u>	<u>\$ 3,575,000</u>

In 2009, the District was approved for a Rural Development Loan from the United States Department of Agriculture Rural Development Office in the amount of \$975,000 for the purpose of constructing improvements and extensions to the District’s existing waterworks system and to pay costs of issuance related to the bonds. The balance on the loan at December 31, 2017 and 2016, totaled \$894,000 and \$906,000, respectively.

On April 9, 2013, the District issued \$1,566,000 in Waterworks System Revenue Refunding Bonds, Series 2013 with an interest rate of 1.72 percent. The bonds were issued to refund \$1,685,000 in Waterworks System Revenue Bonds, Series 2001, which had interest rates of 3.20 percent to 3.70 percent. This refunding reduced its total debt service payments over the next eight years by \$111,514 and obtained an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$103,655. The balance at December 31, 2017 and 2016, totaled \$801,000 and \$992,000, respectively.

On January 7, 2014, the District issued \$2,250,000 in Waterworks System Revenue Refunding Bonds, Series 2014 with interest rates of 3.25 percent to 4.50 percent, with an overall average rate of 4.04 percent. The balance at December 31, 2017 and 2016, totaled \$1,880,000 and \$1,965,000, respectively.

East Medina County Special Utility District

Notes to Financial Statements

Note 5. Long-Term Bonds Payable (Continued)

In accordance with the bond resolutions, the District is required, at all times, to fix, maintain, charge and collect for services rendered by the District, rates and charges which will produce gross revenues not less than (i) 1.25 times the amount required to pay all principal and interest requirements for such fiscal year plus (ii) 1.00 times the amount required to pay all budgeted operations and maintenance expenses and to make all other deposits now or hereafter required to be made into the funds created by the bond resolutions. The District is required to adjust its rates if its annual audit shows that these covenants are not met.

Aggregate maturities of the bonds outstanding at December 31, 2017, are as follows:

Years ending December 31:	Principal	Interest	Total
2018	\$ 290,000	\$ 128,802	\$ 418,802
2019	303,000	121,133	424,133
2020	310,000	113,074	423,074
2021	316,000	104,729	420,729
2022	115,000	96,281	211,281
2023-2027	646,000	412,756	1,058,756
2028-2032	805,000	278,475	1,083,475
2033-2037	297,000	133,394	430,394
2038-2042	172,000	93,538	265,538
2043-2047	219,000	51,931	270,931
2048-2049	102,000	6,738	108,738
	\$ 3,575,000	\$ 1,540,851	\$ 5,115,851

Note 6. Note Payable

The District issued a note payable on August 2, 2016, with a face amount of \$315,000 for the acquisition of water rights as discussed in Note 7. The balance of this note payable is due in annual installments of \$78,750 over a four-year period beginning January 5, 2017, and is secured by the related water rights ending on January 5, 2020. This note is noninterest bearing and has been recorded, net of unamortized discount of \$11,025, imputed at a rate of 3.5 percent. At December 31, 2017 and 2016, the carrying value of this note payable, net of the unamortized discount, is \$227,981 and \$303,975, respectively.

Note 7. Water Allotments Held for Lease

Water allotments leased to others under both long-term and short-term agreements consist of the following at December 31, 2017 and 2016:

	Balance at January 1, 2017	Additions	Deletions	Balance at December 31, 2017
Water allotments leased	\$ 956,475	\$ -	\$ -	\$ 956,475
	January 1, 2016	Additions	Deletions	December 31, 2016
Water allotments leased	\$ 652,500	\$ 303,975	\$ -	\$ 956,475

East Medina County Special Utility District

Notes to Financial Statements

Note 7. Water Allotments Held for Lease

The District is the lessor of water rights under agreements expiring in various years to 2020 as follows:

- Sixty acre-feet (a/f) per annum of unrestricted irrigation groundwater from Edwards Aquifer. The lease payments begin on January 5, 2017, and end on January 5, 2024. The aforementioned lease has a corresponding note payable discussed in Note 6. The lease is payable in annual installments of \$9,600 over the remaining seven-year period. Lease payment received for the year ended December 31, 2017, totaled \$9,600.
- A Voluntary Irrigation Suspension Program Option (VISPO) wherein the District is compensated to forbear making withdrawals from the Edwards Aquifer during times of certain droughts. The District agrees to a forbearance of 150 a/f per annum of base irrigation groundwater and 150 a/f per annum of unrestricted irrigation groundwater. VISPO agreement was initiated in 2001 and ends on December 31, 2018. Lease payment received for the years ended December 31, 2017 and 2016, totaled \$8,625 and \$7,500, respectively.
- VISPO to forbear withdrawing 150 a/f per annum of unrestricted irrigation groundwater. VISPO agreement was initiated in 2003 and ended December 31, 2017. Lease payment received for each of the years ended December 31, 2017 and 2016, totaled \$18,000. This is a one-year lease that is renewable. The one-year HCP Aquifer Storage (ASR) Program was renewed for 2018; however, it will not be available for renewal beyond 2018.
- The District received a check in the amount of \$36,000 for an annual renewable lease of 300 a/f of water rights to the EEA portion of the San Antonio Water System ASR for 2016. This is a one-year lease that is renewable. The one-year lease program was renewed for 2018; however, it will not be available for renewal beyond 2018.

At December 31, 2017, future minimum lease payments under leases are as follows:

Years ending December 31:	
2018	\$ 71,100
2019	9,600
2020	9,600
2021	9,600
2022	9,600
Thereafter	9,600
	<hr/> <hr/>
	\$ 119,100

Note 8. Retirement Plan

Texas County and District Retirement System (TCDRS): The District provides retirement, disability and death benefits for all its employees through a nontraditional defined benefit pension plan in the statewide TCDRS. The board of trustees of TCDRS is responsible for the administration of the statewide agent multiple-employer public employee retirement system, which consists of 677 nontraditional defined benefit pension plans. TCDRS, in the aggregate, issues a Comprehensive Annual Financial Report (CAFR) on a calendar-year basis. The TCDRS CAFR can be downloaded at <http://www.tcdrs.org>.

East Medina County Special Utility District

Notes to Financial Statements

Note 8. Retirement Plan (Continued)

The plan provisions are adopted and may be amended by the governing body of the District within the options available in the Texas state statutes governing TCDRS (the TCDRS Act). Members can retire at ages 60 and above with 10 or more years of service, with 30 years of service regardless of age, or when the sum of their age and years of service equals 80 or more. Members are vested after 10 years of service, but must leave their accumulated contributions in the plan to receive any employer-financed benefit. Members who withdraw their personal contributions in a lump sum and who are not eligible to retire are not entitled to any amounts contributed by their employer.

Benefits provided: Benefit amounts are determined by the sum of the employee’s contributions to the plan, with interest, and employer-financed monetary credits. The level of these monetary credits is adopted by the governing body of the employer within the actuarial constraints imposed by the TCDRS Act, so that the resulting benefits can be expected to be adequately financed by the employer’s commitment to contribute.

At retirement or death, the benefit is calculated by converting the sum of the employee’s accumulated contributions and the employer-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

In addition, the District offers the TCDRS group term life program, which provides a payment equal to the employee’s final annual salary to his/her beneficiary.

Employees covered by benefit terms: At December 31, 2017, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	-
Inactive employees entitled to, but not yet receiving benefits	6
Active employees	11
Total	<u>17</u>

Contributions: Plan members and the District are required to contribute at a rate set by statute. The contribution requirements of plan members and the District are established and may be amended. For 2017 and 2016, the contribution rate for the plan members was 5.00 percent of gross pay. The District pays a matching portion to the pension plan totaling 5.25 percent of gross pay for 2017 and 2016, which totaled \$21,493 and \$26,353, respectively.

Net pension liability: The District’s net pension liability was measured as of December 31, 2016 and 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

The components of the net pension liability, measured as of December 31, 2016 were as follows:

Actuarial assumptions: The actuarial assumptions that determined the total pension liability as of December 31, 2016 and 2015, were based on the results of an actuarial experience study for the period January 1, 2009, through December 31, 2012, except where required to be different by GASB Statement No. 68.

East Medina County Special Utility District

Notes to Financial Statements

Note 8. Retirement Plan (Continued)

The total pension liability in the December 31, 2016, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0%
Salary increases	3.5% including inflation plus average merit, promotion and longevity of 1.4%
Investment rate of return	8.1%
Cost of living	None

Mortality rates were based on the following:

Depositing members—The RP-2000 Active Employee Mortality Table for males with a two-year set-forward and the RP-2000 Active Employee Mortality Table for females with a four-year setback, both with the projection scale AA.

Service retirees, beneficiaries and nondepositing members—The RP-2000 Combined Mortality Table with the projection scale AA, with a one-year set-forward for males and no age adjustment for females.

Disabled retirees—RP-2000 Disabled Mortality Table for males with no age adjustment and RP-2000 Disabled Mortality Table for females with a two-year set-forward, both with the projection scale AA.

Long-term expected rate of return on assets: The long-term expected rate of return on TCDRS assets is determined by adding expected inflation to expected long-term real returns, and reflecting expected volatility and correlation. The capital market assumptions and information shown below are provided by TCDRS' investment consultant. The numbers shown are based on January 2017 information for a 7-10 year time horizon. The valuation assumption for long-term expected return is re-assessed at a minimum of every four years, and is set based on a 30-year time horizon; the most recent analysis was performed in 2013.

Asset Class	Benchmark	Target Allocation (1)	Geometric Real Rate of Return (2)

(1) Target asset allocation adopted at the April 2017 TCDRS board meeting.

East Medina County Special Utility District

Notes to Financial Statements

Note 8. Retirement Plan (Continued)

- (2) Geometric real rates of return equal the expected return minus the assumed inflation rate of 2 percent, per Cliffwater's 2017 capital market assumptions.
- (3) Includes vintage years 2006-present of Quarter Pooled Horizon IRRs.
- (4) Includes vintage years 2005-present of Quarter Pooled Horizon IRRs.
- (5) Includes vintage years 2007-present of Quarter Pooled Horizon IRRs.

Discount rate: The discount rate used to measure the total pension liability was 8.1 percent. In order to determine the discount rate to be used by the employer, the TCDRS used an alternative method to determine the sufficiency of the fiduciary net position in all future years. The alternative method reflects the funding requirements under the employer's funding policy and the legal requirements under the TCDRS Act.

TCDRS has a funding policy where the unfunded actuarial accrued liability shall be amortized as a level percent of pay over 20-year closed layered periods. Under the TCDRS Act, the employer is legally required to make the contribution specified in the funding policy. The employer's assets are projected to exceed its accrued liabilities in 20 years or less. When this point is reached, the employer is still required to contribute at least the normal cost. Any increased cost due to the adoption of a cost of living adjustment (COLA) is required to be funded over a period of 15 years, if applicable.

Based on these assumptions, the projected fiduciary net position is determined to be sufficient compared to projected benefit payments. Based on the expected level of cash flows and investment returns to the system, the fiduciary net position as a percentage of total pension liability is projected to increase from its current level in future years. Since the projected fiduciary net position is projected to be sufficient to pay projected benefit payments in all future years, the discount rate for purposes of calculating the total pension liability and net pension liability of the employer is equal to the long-term assumed rate of return on investments, the municipal bond rate does not apply.

Sensitivity analysis: The following presents the net pension liability (asset) of the District, calculated using the discount rate of 8.1 percent, as well as what the District's net pension liability (asset) would be if it were calculated using a discount rate that is 1.0 percentage point lower (7.1 percent) or 1.0 percentage point higher (9.1 percent) than the current rate:

	Discount Rate Sensitivity at December 31, 2017		
		Current	
	1.0% Decrease	Discount Rate	1.0% Increase
	7.1%	8.1%	9.1%
Net pension liability (asset)	\$ 66,288	\$ 21,455	\$ (15,601)

	Discount Rate Sensitivity at December 31, 2016		
		Current	
	1.0% Decrease	Discount Rate	1.0% Increase
	7.1%	8.1%	9.1%
Net pension liability (asset)	\$ 64,100	\$ 28,058	\$ (1,567)

(1) Reflects the change in the liability due to the time value of money. TCDRS does not charge fees or interest.

(2) Relates to allocation of system-wide items.

Pension expense and deferred outflows of resources related to pensions: For the fiscal year December 31, 2017, the District recognized pension expense of \$21,220. At December 31, 2017, the deferred inflows and outflows of resources related to pensions are as follows:

	Deferred Inflows of Resources	Deferred Outflows of Resources
Differences between expected and actual experience	\$ 26,104	\$ 19,678
Changes of assumptions	-	1,609
Net difference between projected and actual earnings	-	12,862
Subtotal	26,104	34,149
Contributions made subsequent to measurement date	NA	21,493
Total	\$ 26,104	\$ 55,642

East Medina County Special Utility District

Notes to Financial Statements

Note 8. Retirement Plan (Continued)

At December 31, 2016, the deferred inflows and outflows of resources related to pensions are as follows:

	Deferred Inflows of Resources	Deferred Outflows of Resources
Differences between expected and actual experience	\$ 30,454	\$ 23,487
Changes of assumptions	-	1,877
Net difference between projected and actual earnings	-	13,790
Subtotal	30,454	39,154
Contributions made subsequent to measurement date	NA	26,354
Total	<u>\$ 30,454</u>	<u>\$ 65,508</u>

Amounts currently reported as deferred outflows of resources and deferred inflows of resources related to pensions, excluding contributions made subsequent to the measurement date, will be recognized in pension expense as follows:

Years ended December 31:

2017	\$ 4,101
2018	4,101
2019	3,546
2020	515
2021	(150)
Thereafter	(4,068)
	<u>\$ 8,045</u>

Note 9. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; natural disasters and workers' compensation for which the District carries insurance. There have been no significant reductions in insurance coverage for these risks of loss since the prior year, and there have been no settlements in excess of the insurance coverage for any of the past three fiscal years.

The District utilizes TML Intergovernmental Risk Pool to provide for its workers' compensation, general and auto liability and property insurance coverage.

Required Supplementary Information (Unaudited)

Refunds of contributions	-	-	(4,208)
Administrative expenses	(161)	(128)	(100)
Other	4,247	(15)	(9)
Net change in fiduciary net position	70,539	46,576	41,557
Fiduciary net position at beginning of year	195,908	149,332	107,775
Fiduciary net position at end of year (b)	266,447	195,908	149,332
Net pension liability at end of year = (a)-(b)	\$ 21,455	\$ 28,058	\$ 62,201
Fiduciary net position as a percentage of total pension liability	92.55%	87.47%	70.60%
Pensionable covered payroll	\$ 506,794	\$ 465,974	\$ 438,030
Net pension liability as a percentage of covered payroll	4.23%	6.02%	14.20%

Per GASB Statement No. 68, the required supplementary information should include 10-year fiscal history built prospectively; historical information prior to implementation of GASB Statement No. 68 is not available.

East Medina County Special Utility District

Schedule of the District's Pension Contributions

**East Medina County Special Utility District
Required Supplemental Information—Pension Plan
For the Year Ended December 31, 2017**

Schedule of Employer Contributions

Year Ending December 31,	Actuarially Determined Contribution (1)	Actual Employer Contribution (1)	Contribution Deficiency (Excess)	Pensionable Covered Payroll (2)	Actual Contribution as a Percentage of Covered Payroll
2011	\$ 11,218	\$ 11,265	\$ (47)	\$ 306,492	3.7%
2012	14,605	14,634	(29)	399,046	3.7%
2013	14,168	14,168	-	381,656	3.7%
2014	16,558	16,558	-	438,030	3.8%
2015	24,464	24,464	-	465,974	5.3%
2016	26,353	26,353	-	506,794	5.2%

(1) TCDRS calculates actuarially determined contributions on a calendar-year basis. GASB Statement No.68 indicates the employer should report employer contribution amount on a fiscal year basis.

(2) Payroll is calculated based on contributions as reported to TCDRS.

The District did not participate in TCDRS prior to fiscal year 2011; therefore, a 10-year fiscal history will be included prospectively.

East Medina County Special Utility District

Notes to Required Supplementary Information

Following are the key assumptions and methods used in the required supplementary information schedules.

<p>Valuation Timing</p>	<p>Actuarially determined contribution rates are calculated as of December 31, two years prior to the end of the fiscal year in which the contributions are reported.</p>
<p>Actuarial Cost Method</p>	<p>Individual entry age normal cost method, as required by GASB Statement No. 68, used for GASB calculations. A slightly different version of the entry age normal cost method is used for the funding actuarial valuation.</p>
<p>Asset Valuation Method Smoothing period Recognition method Corridor</p>	<p>5 years Non-asymptotic None</p>
<p>Economic Assumptions Inflation Salary increases Investment rate of return COLAs</p>	<p>3.0% 3.5% (made up of 3.0% inflation and 0.5% productivity increase assumptions) and a merit, promotion and longevity component that on average approximates 1.4% per year for a career employee 8.1% COLAs for the District are not considered to be substantively automatic under GASB Statement No. 68. Therefore, no assumption for future COLAs is included in the GASB calculations. No assumption for future COLAs is included in the funding valuation.</p>

East Medina County Special Utility District

Notes to Required Supplementary Information (Continued)

Demographic Assumptions

Retirement Age

Annual Rates of Service Retirement*					
Age	% Male	% Female	Age	% Male	% Female
40-44	4.5	4.5	62	25	25
45-49	9	9	63	16	16
50	10	10	64	16	16
51	10	10	65	30	30
52	10.5	10.5	66	25	25
53	10.5	10.5	67	24	24
54	10.5	10.5	68	22	22
55	11	11	69	22	22

59	12	12	73	22	22
60	14	14	74**	22	22
61	12	12			

* Deferred members are assumed to retire (100% probability) at the later of: (a) age 60 (b) earliest retirement eligibility

**For all eligible members ages 75 and later, retirement is assumed to occur immediately.

Other terminations of employment: The rate of assumed future termination from active participation in the plan for reasons other than death, disability or retirement are all set at 0 percent and the rates do not vary by length of service, entry-age group (age at hire) and sex. No termination after eligibility for retirement is assumed.

East Medina County Special Utility District

Notes to Required Supplementary Information (Continued)

Withdrawals: Members who terminate may either elect to leave their account with TCDRS or withdraw their funds. The probability that a member elects a withdrawal varies by length of service and vesting schedule. Rates applied to your plan are shown in the table below. For nondepositing members who are not vested, 100 percent are assumed to elect a withdrawal.

Probability of Withdrawal			
Years of Service	% Probability	Years of Service	% Probability
0	100	15	40
1	100	16	38
2	100	17	36
3	100	18	34
4	100	19	32
5	100	20	30
6	100	21	28
7	100	22	26
8	100	23	24
9	100	24	22
10	48	25	20
11	47	26	15
12	46	27	10
13	44	28*	5
14	42		

*Members with more than 28 years of service are not assumed to refund.

Mortality Rates

Depositing members: The RP-2000 Active Employee Mortality Table for males with a two-year set-forward and the RP-2000 Active Employee Mortality Table for females with a four-year setback, both with the projection scale AA.

Service retirees, beneficiaries and nondepositing members: The RP-2000 Combined Mortality Table with the projection scale AA, with a one-year set-forward for males and no age adjustment for females.

Disabled retirees: RP-2000 Disabled Mortality Table for males with no age adjustment and RP-2000 Disabled Mortality Table for females with a two-year set-forward, both with the projection scale AA.

**Schedule of Services and Rates (Unaudited)
Year Ended December 31, 2017**

1. Services provided by the District: Retail Water

2a. Retail rates based on 5/8 meter:

	Minimum Charge	Minimum Usage	Flat Rate Y/N	Rate Per 100 Gallons Over Minimum	Usage Levels
Water	\$ 25.55	N/A	Y	\$ 0.19	100 to 2,000
				0.44	2,100 to 10,000
				0.49	10,100 to 20,000
				0.54	20,100 to 30,000
				0.64	30,100 to 40,000
				0.69	40,100 to 50,000
				0.74	50,100 and above

Commercial, industrial and agricultural accounts: \$5.00 extra per month

All customers will be assessed the Texas Commission on Environmental Quality 0.5 of 1.0 percent customer assessment fee. This fee is calculated on the water usage charge and is included in the rate charts.

District employs winter averaging for wastewater usage: N/A

Total water charges per 10,000 gallons usage (including surcharges): N/A

East Medina County Special Utility District

Schedule of Services and Rates (Unaudited) (Continued)
Year Ended December 31, 2017

2b. Retail service providers: Number of retail water connections within the District as of year-end. Provide actual numbers as noted:

	Active Connections
Single family	2,743
Multi-family	-
Commercial, agricultural, and industrial	99
Other—recreational centers, government and Volunteer Fire Department	-
Total	2,842

3. Total water consumption during the fiscal year:

Gallons pumped into system: 330,436,000
 Gallons billed to customers: 197,166,800
 Gallons used for flushing and unmetered water: 1,833,690
 Water loss: 91,193,410
 Percent of loss: 27.60%
 Water accountability ratio: 59.67%

4. Standby fees: Does the District assess standby fees? No

Debt Service	Total levy	N/A
	Total collected	N/A
	Percentage collected	N/A
Operation and Maintenance	Total levy	N/A
	Total collected	N/A
	Percentage collected	N/A

Have standby fees been levied in accordance with Water Code Section 49.231, thereby constituting a lien on property? N/A

East Medina County Special Utility District

**U.S. Department of Agriculture (USDA) Non-Discrimination Statement (Unaudited)
Year Ended December 31, 2017**

USDA requires the District to include the following non-discrimination statement on all materials produced for public information.

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the responsible agency or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found on line at http://www.ascr.usda.gov/complaintfiling_cust.html and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by:

- (1) mail: U.S. Department of Agriculture
Office of the Assistant Secretary for Civil Rights
1400 Independence Avenue, SW
Washington, D.C. 20250-9410;
- (2) fax: (202) 690-7442; or
- (3) email: program.intake@usda.gov.

USDA is an equal opportunity provider, employer, and lender.

East Medina County Special Utility District

U.S. Department of Agriculture (USDA) Non-Discrimination Statement (Unaudited) (Continued) Year Ended December 31, 2017

Spanish Translation

De acuerdo con la ley federal de derechos civiles y las reglamentaciones y políticas de derechos civiles del Departamento de Agricultura de Estados Unidos (U.S. Department of Agriculture, USDA), se prohíbe al USDA, sus agencias, oficinas y empleados, e instituciones que participan o administran los programas del USDA, discriminar por motivos de raza, color, origen nacional, religión, género, identidad de género (incluidas las expresiones de género), orientación sexual, discapacidad, edad, estado civil, estado familiar/parental, ingresos derivados de un programa de asistencia pública, creencias políticas, o reprimendas o represalias por actividades previas sobre derechos civiles, en cualquier programa o actividad llevados a cabo o financiados por el USDA (no todas las bases se aplican a todos los programas). Las fechas límite para la presentación de remedios y denuncias varían según el programa o el incidente.

Las personas con discapacidades que requieran medios alternativos de comunicación para obtener información sobre el programa (por ej., Braille, letra grande, cinta de audio, lenguaje americano de señas, etc.) deberán comunicarse con la Agencia responsable o con el Centro TARGET del USDA al (202) 720-2600 (voz y TTY) o comunicarse con el USDA a través del Servicio Federal de Transmisiones al (800) 877-8339. Asimismo, se puede disponer de información del programa en otros idiomas además de inglés.

Para presentar una denuncia por discriminación en el programa, complete el Formulario de denuncias por discriminación en el programa del USDA, AD-3027, que se encuentra en línea en http://www.ascr.usda.gov/complaint_filing_cust.html, o en cualquier oficina del USDA, o escriba una carta dirigida al USDA e incluya en la carta toda la información solicitada en el formulario. Para solicitar una copia del formulario de denuncias, llame al (866) 632-9992. Envíe su formulario completado o su carta al USDA por los siguientes medios:

- (1) correo: U.S. Department of Agriculture,
Office of the Assistant Secretary for Civil Rights,
1400 Independence Avenue, SW
Washington, D.C. 20250-9410;
- (2) fax: (202) 690-7442; o
- (3) correo electrónico: program.intake@usda.gov.

El Departamento de Agricultura de Estados Unidos (USDA) es un proveedor, empleador y prestador que ofrece igualdad de oportunidades.
